

TITANIC

THE ARTIFACT EXHIBITION

November 11, 2005 – April 16, 2006

The Story of *Titanic* has been told and retold, but never more poignantly and passionately than by the artifacts presented in this exhibition. *Titanic: The Artifact Exhibition* is a collection of more than 300 new artifacts recovered from the final resting place of the *R.M.S. Titanic*, 2.5 miles below the surface of the North Atlantic Ocean. These objects are chosen and displayed in such a way that tells the true, compelling story of the world's most famous ship.

The Titanic exhibition exclusively features:

- An exact replica of the dramatic, world-famous Grand Staircase
- 300 new, priceless artifacts and historic treasures
- Before entering the exhibition, each guest will receive a White Star Line boarding pass. On this boarding pass is the name and story of an actual *Titanic* passenger allowing for a very personal tour experience.
- Experience the 'Iceberg Gallery.' Visitors are invited to touch an iceberg - a sheet of real ice that is actually warmer than the water in which the ship sailed.

BOOK YOUR TRIP TODAY!

**Deeply discounted admission for scouts –
Just \$3 per scout (normally \$12 per person)**

and

**Each scout will receive a FREE, full-color Titanic exhibition patch
when visiting the exhibition with a group of 10 or more scouts.**
